Foreword

Dr. S Devarajan

President
BCIC

Dear Members,

Warm Greetings to you!

The period under review has been vibrant with rolling out of many knowledge sharing events / sessions under the aegis of most of the expert committees for the benefit of BCIC members. Robust participation by members has resulted in hearty and positive interactions which in-turn has aided the members in their business.

BCIC Masterclass on ToC and Amplifying Innovation for Growth in VUCA World – Tri series under the aegis of Manufacturing Expert Committee was well received that provided an insightful platform to reflect on and enhance innovation within organizations. We had many interactions with the government authorities on submission of Chamber's representation on Minimum Wages and Budget Memorandum. Picking up the momentum is the BCIC - SMRJ Japan initiatives, providing a huge opportunity for our members and SME industries to explore suitable tie-ups with the Japanese SME industries and grow their business to newer heights and expand their business in the international arena. Focussed Webinars / interactive sessions on topical subjects organized gained increased importance and quite impactful reaching out larger audience.

Happy to inform that we have inducted many new members into

the BCIC family during this period and have succeeded in achieving 90% membership renewals. Highly appreciate the work done by the secretariate and the active BCIC members who contributed and made this happen.

We had active participation in the industrial visits organized on the theme "Sharing of Best Practices" that included Kia India, Bosch Ltd (Smart Campus), ACE Designers, SIEMENS Digital Experience and Application Center and Mitsubishi Electric India (CNC eXperience Park), IKEA, Sathya Sai Grama (Muddenahalli, Chikkaballapur).

Icing on the cake was the Global Business Forum meeting during March 3 – 6, 2024 hosted by Brigade Group at Sheraton Grand Bengaluru. A wonderfully conceptualised volley of events under the leadership of Mr. Vineet Verma, Senior Vice President, BCIC and MD, WTC Bengaluru comprised Panel Discussions, B2B Meetings, Industry visits representing 13 sectors. The Forum was well attended with successful interactions with the international business delegates and the Indian companies. In expanding the Chamber's horizon internationally, BCIC signed three MoUs towards commending virtual offices in Middle East and Europe. Industry visits to international delegates comprised TVS Motor Co, Buhler India, Infosys Ltd, ACE Designers, Toyota Eco Zone and TTTI, Trinity NDT Weld Solutions, BMLH

Engineering. Proceedings of the GBF was well covered in media also.

Monthly leadership talks led by Immediate Past President Dr. Ravindran has garnered more visibility. Addressed by few of the nationally acclaimed professionals, members found the nuanced approaches more inspiring and empowering others to do their very best.

BCIC – Fundermax held the 2nd edition of Corporate Golf Tournament during January 2024 in Mysuru attended by nearly 250 avid golfers from Industry, profession and government officials.

We have received positive feedback on the Chamber's Publications e-Synergy – comprising articles on topical issues by subject experts and also the special editions on flagship events. Request our members to contribute suitable articles to make eSynergy a goto reference magazine for current subject matters.

We have flagship events, CSR, MSME and Start-Ups Awards in the coming months and we urge our members for your support in making these events a grand success.

Together we can make the difference.

Wishing you all the best,

Jai Hind!

Jai Karnataka!

Few press Clippings on WTCA GBF 2024

BCIC to sign 3 MoUs at Global Business Forum coming week

BENGALURU, DHNS: The Bangalore Chamber of Industry and Commerce is expected to sign around 3 memoranda of understanding at the upcoming Global Business Forum of the World Trade Centers Association (WTCA), set to take place in Bengaluru between March 3-6.

"We will sign an MoU with the Netherlands, and another two are in the works but will definitely happen," BCIC resident Dr S Devarajan told

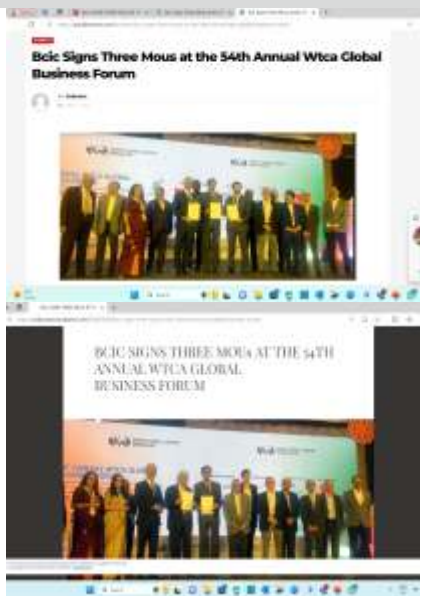

members of the media during a select roundtable on Friday. This will include a clause to set up virtual offices in the two geographies to boost business-to-business collaboration.

Overall, around 7-10 MoUs are expected to be signed amongst member countries spanning investments to the tune of nearly \$50 million, a spokesperson of the global trade body said.

Over 35 member countries and more than 200 domestic

and international businesses are expected to attend the mega event.

Going forward, India is likely to see 10 more World Trade Center licences added to its current tally of 40 in the next 5-7 years, WTCA Chairman John E Drew told *DH* following the roundtable discussion. Globally, over 300 World Trade Centers exist today, with the number expected to touch the 500 milestone in a decade, he added.
